Port of Odessa

GENERAL INFORMATION

**SECRET**

25X1

I. ORGANIZATION

**NOFORN**

25X1

25X1

No 1 Refrigerators

No 2 Single railroad track in front of the refrigerator.

No 3 The pier is being repaired at that place.

No 4 Two cranes of Russian origin; these cranes are  $3\frac{1}{2}$  tons electric ones,  
one rails.

No 5 Six 3-ton  cranes on rails.

25X1

No 6 2 cranes for lifting coals (crane-bridges). They are electrical  
cranes and move on bails along the pier.

II. FLOATING EQUIPMENT OF THE PORT

No 7 One large dredger which was moved by its own propelling engine.

III. SHIPS IN PORT

Merchant ships

25X1

No 9 One 9,000 tons modern white Russian liner, which had one smoke  
stack and 4-5 decks.  25X1

**SECRET**

25X1

**NOFORN**

25X1

**SECRET**

- 2 -

No 10 Two Russian cargo beats, one of 10,000 tons and the other of 5,000 tons approximately. They were empty [redacted]

25X1

No 11 Position where the [redacted] leaded col, destination [redacted]

No 12 One Rumanian white liner. [redacted] this must have been probably the TRANSYLVANIA\*.

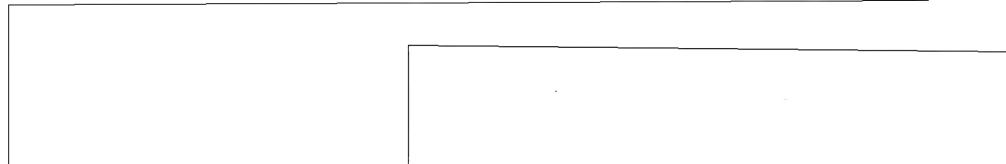

No 13 One Russian LIBERTY. [redacted]

25X1

#### War ships

25X1

No 14 Three destroyers, modern and similaf one with the other. [redacted]

a) Smoke stack, b) one tower at the prow and one at the stern equiped with twin 4" guns, g) 10 antiaircraft guns , d) one semi-circular RADAR, compact, antenna.

No 15 Position at which 10 coast guafd vessels were bound by the stern to an anchorage outside the port.

25X1

No 16 One [redacted] belonging to the Navy and one ancient type cruiser, lightly armed. [redacted]

These vessels (destroyer and cruiser) sailed off on [redacted] in the afternoon for an unknown destination [redacted]

GENERAL INFORMATION

25X1

I. ORGANIZATION

25X1

No 1 SILO installations

No 2 SILO installations

No 3 The INFLOT Offices

No 4 Useless SILO.

No 5 Power Station .

No 6 Power sub station.

No 7 14 electric cranes on raiisl, of a lifting capacity of 5,10, 15,  
and 16 tons.

No 8 One pier 1,200 ft. loing approximately on which were stocks of  
coal and anthracite and rail pieces of 25 meters long waiting to  
be loaded. There is one large warehouse at point a of the pier.

No 9 One 1,00 ft. appriomately long pier. On it are stocks of coal  
piled ready for loading.

No 10 At this position there were boxes which probably contained motor

~~SECRET~~

25X1

~~SECRET~~

25X1

- 2 -

cars. Also some other boxes probably destined for ALBANIA

25X1

25X1

No 11 The ~~shole~~ place, from point b to point g , is covered with metal parts, -that is bands, pipes, asix trucks, tractors- 5 tons trucks, tractors, and boxes containing various machinery. Many new 5 tons cars were observed in this position, as well as Russian jeeps.

## II. SHIPS IN PORT

### (a) Merchant ships

25X1

No 14 Two whale-fishing ships.

No 15 Place of the old American cargo boat the "IZORA"; this ship was hauled up and is being repaired.

No 16 Place of the JOSEPH STALIN Russian tanker; the ship is being reaired.

No 17 Place of one Russian cargo boat the KALININ; the ship is probobly being taken to pieces.

No 18 Place of one Bulgaria steamer, the RODINA of 4,000 tons approximately, which was loading miscellaneous machinery. On its deck tractors, bulldozers and dredging machinery were observed.

No 19 Position where one Russian cargo boat, the "MARSHALL TOLBUHIN" was loading boxes destined for

fairs.

25X1

No 20 One Russian steamer, the "KIM".

No 21 Place of one ship of unknown identity which was loading coal

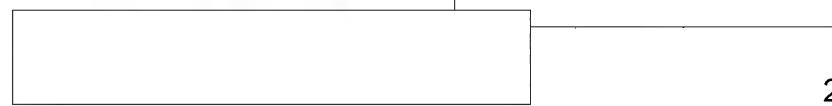

25X1

25X1

~~SECRET~~

25X1

~~SECRET~~

25X1

- 3 -

No 22 Place of two 4,000 tons tankers, probably disarmed.

No 23 One Russian steamer of unknown identity loading citrus fruits  
destination [redacted].

25X1

(b) War ships

No 362 submarine was observed on the 17th of June 1954, getting  
out of the port.

III. FLOATING EQUIPMENT OF THE PORT

No 25 Place

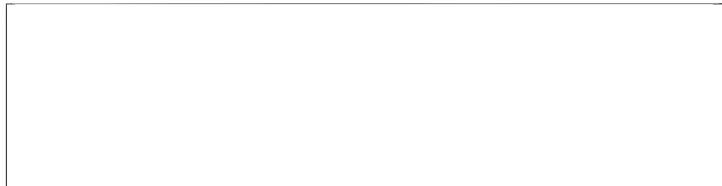

25X1

No 26 [redacted] all along the breakwater and  
during all the time he stayed there, that there were river ships  
and cargo boats attached.

25X1

[redacted]

No 7 Pier on which there are coal and wood stocks. On its South-East side there are six (6) cranes on tracks. Crane (a) has a 20 tons lifting capacity, cranes (b) have a 15 tons lifting capacity and crane (g) a 5 tons lifting capacity.

On the pier there are also two railroad lines and two one-storied warehouses.

No 8 Two cranes on tracks

No 9 Tarr stocks in containers.

No 10 A four-storied new building

## II. SHIPS IN PORT

### (a) Merchant ships

No 11 One Russian ship waiting to be loaded.

No 12 One tanker

25X1

No 13 One [redacted] cargo boat

No 14 Position of one Russian ship of unknown identity.

No 15 Position of one Russian ship of unknown identity.

No 16 Position of [redacted] ship of unknown identity.

25X1

No 17 Position of one Russian ship of unknown identity.

No 18 One Russian ship in the act of loading coal.

No 19 One Russian steamer, the "VOCTOK", in the act of loading G.M.C. (sic.) cars.

No 20 One Russian ship of unknown identity.

25X1

No 21 Position where one [redacted] ship of unknown identity was loading coal.

No 22 Position where [redacted] cargo boat [redacted] was loading coal [redacted]

~~SECRET~~

~~SECRET~~

25X1

- 3 -

No 23

25X1

No 24 One Russian liner

No 25 One Russian liner

No 26 One Rumanian liner

(b) War ships

No 27 Stationed within the port, in the South Basis, twelve small ships belonging to the Navy were observed.

No 28 One destroyer moored alongside the waterbreaker.

25X1

In the evening of the 24/7/54 two cruisers and 4 destroyers threw anchor in the Port.

On the evening of the same day the ships were illuminated. It must obviously have been some Nautical feast because a number of people was assembled on the coast. These ships sailed off on the morning of 26/7/54.

III. FLOATING EQUIPMENT OF THE PORT

No 29 Floating dry-dock.

No 30 Floating dry-dock.

Out of these two dry-docks mentioned above the one was in the port of CHERSON and has been recently towed in the port of ODESSA.

No 31 Floating crane.

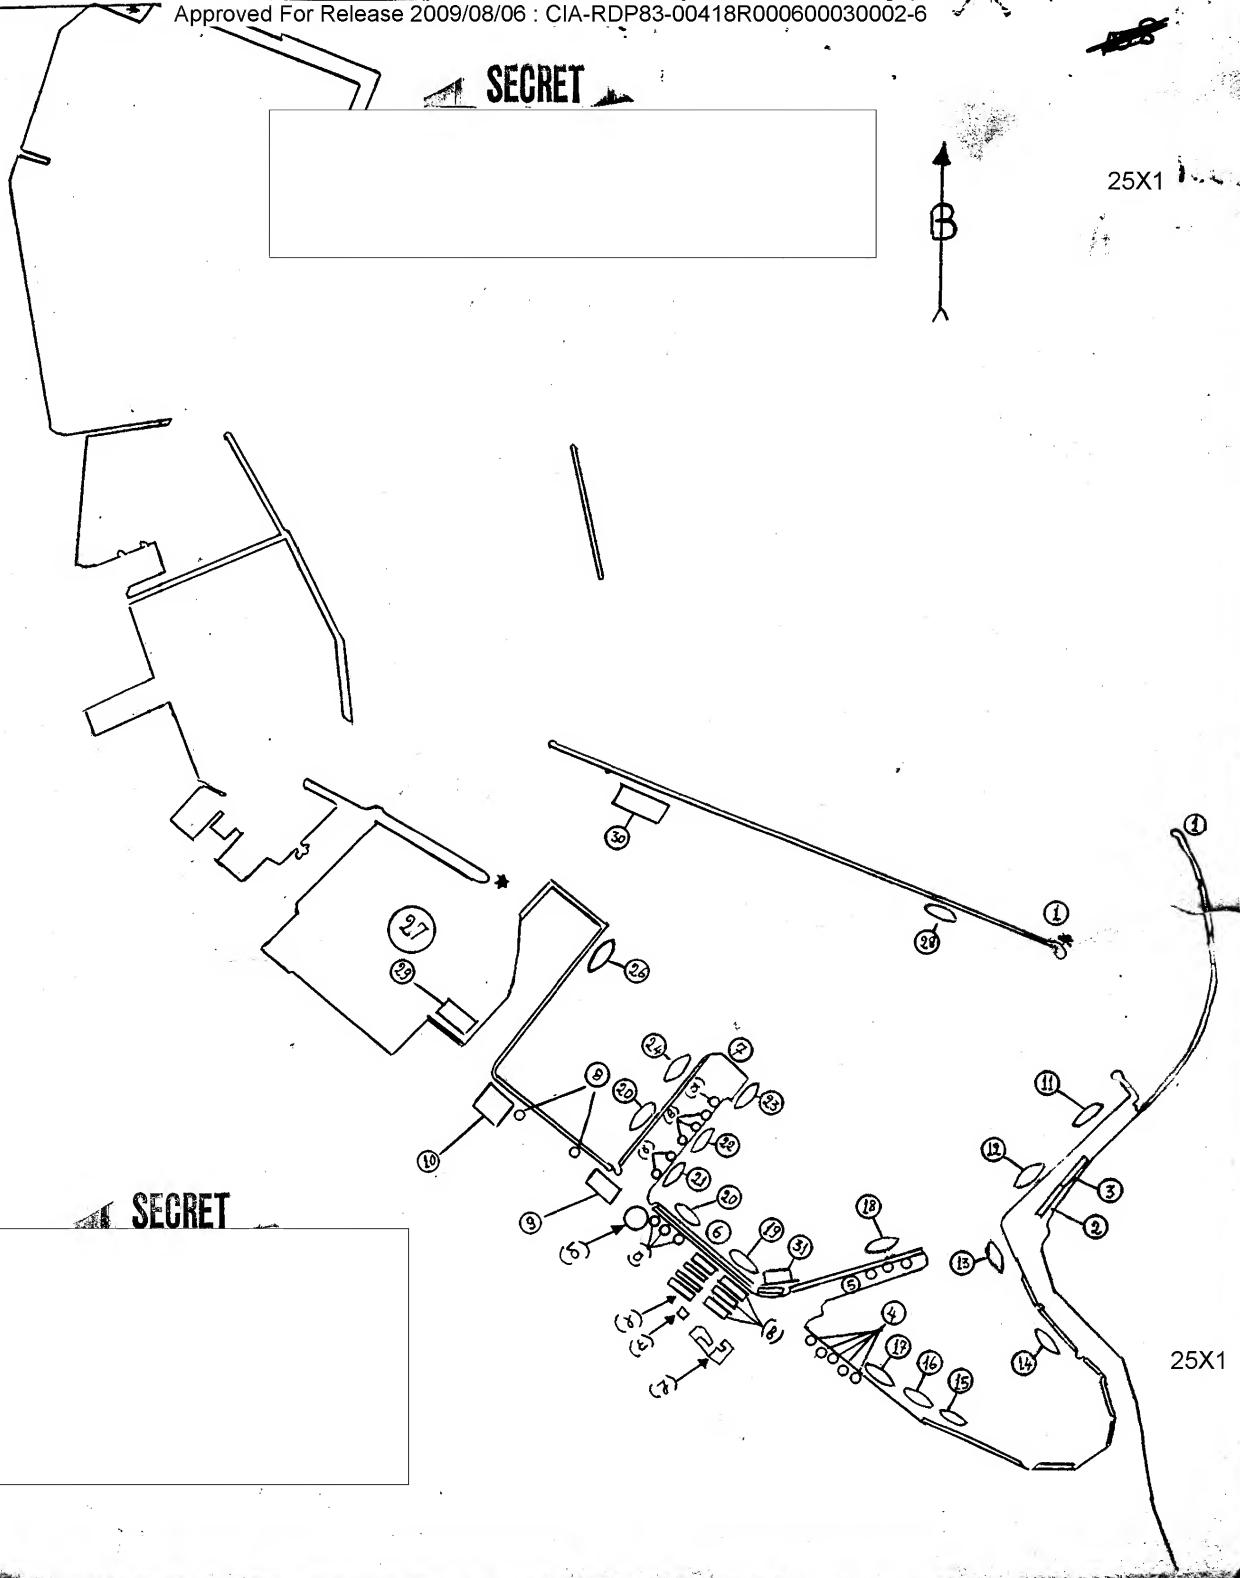

(See attached Plan).

THE FOLLOWING OF FOREING SHIPS

25X1

1. All foreing ships that go towards the port of ODESSA, are followed from the territorial waters of the FIDONISSI island until they are about one mile far from the Port, by two coast guard vessels armed with a small machine-gun and equiped by strong seach lights.
2. All the stretch of sea, from the island of FIDONISSI up to KHERION bay is constantly guarded by one destroyer and two coast guard vessels.

MERCHANT SHIPS IN PORT

3. Two (2) steamers [redacted] of 8,000 tons each, which were in the act of unloading printing paper [redacted] 25X1 One of them, after it finished unloading, started loading plye wood, glass panes, black caviar, and tin-food boxes. [redacted] 25X1 One ship of about 10,000 tons, [redacted] which was loading coals [redacted] [redacted]
- Seven (7) vessels [redacted] which were loading coals & rails. [redacted]

~~SECRET~~

25X1

ORGANIZATION

(a) Cranes

25X1

1. Four (4) electric cranes moving on rails, of a (6) tons lifting capacity. At this spot
2. Three (3) electric cranes, moving on rails, of an 16 tons lifting capacity.
3. Five (5) electric cranes, moving on rails, of an 18 tons lifting capacity.
4. Two (2) floating elevators, used for the loading-unloading of cereals.

(b) Warehouses

5. One one-storied warehouse; the floor of this warehouse is 1,50 meter higher than the dock's surface. Behind this warehouse there is one underground warehouse, which has on either side a sloping entrance.
6. Two one-storied warehouses used to store merchandise.

25X1

- 2 -

25X1

7. One three-storied warehouse which has also a cellar. Each one of the warehouses floors has a cement shelter on which the cranes put the merchandises.

(c) Works under construction

8. The repairs at the end of the pier are terminated. A wooden dock on stakes, 3-4 meters, was constructed all along the edge of the pier.

MERCHANT SHIPS

9. One Bulgarian cargo boat whose color was white and its identity unknown.

10. Six (6) whale-fishing boats.

11.

12.

25X1

13. One Russian 10,000 tons cargo boat, of unknown identity in the act of loading coal.

14.

25X1

FLOATING EQUIPMENT

15. One ice breaker and other miscellaneous floating equipment of the harbor.

16. Two tow-boats in operation.

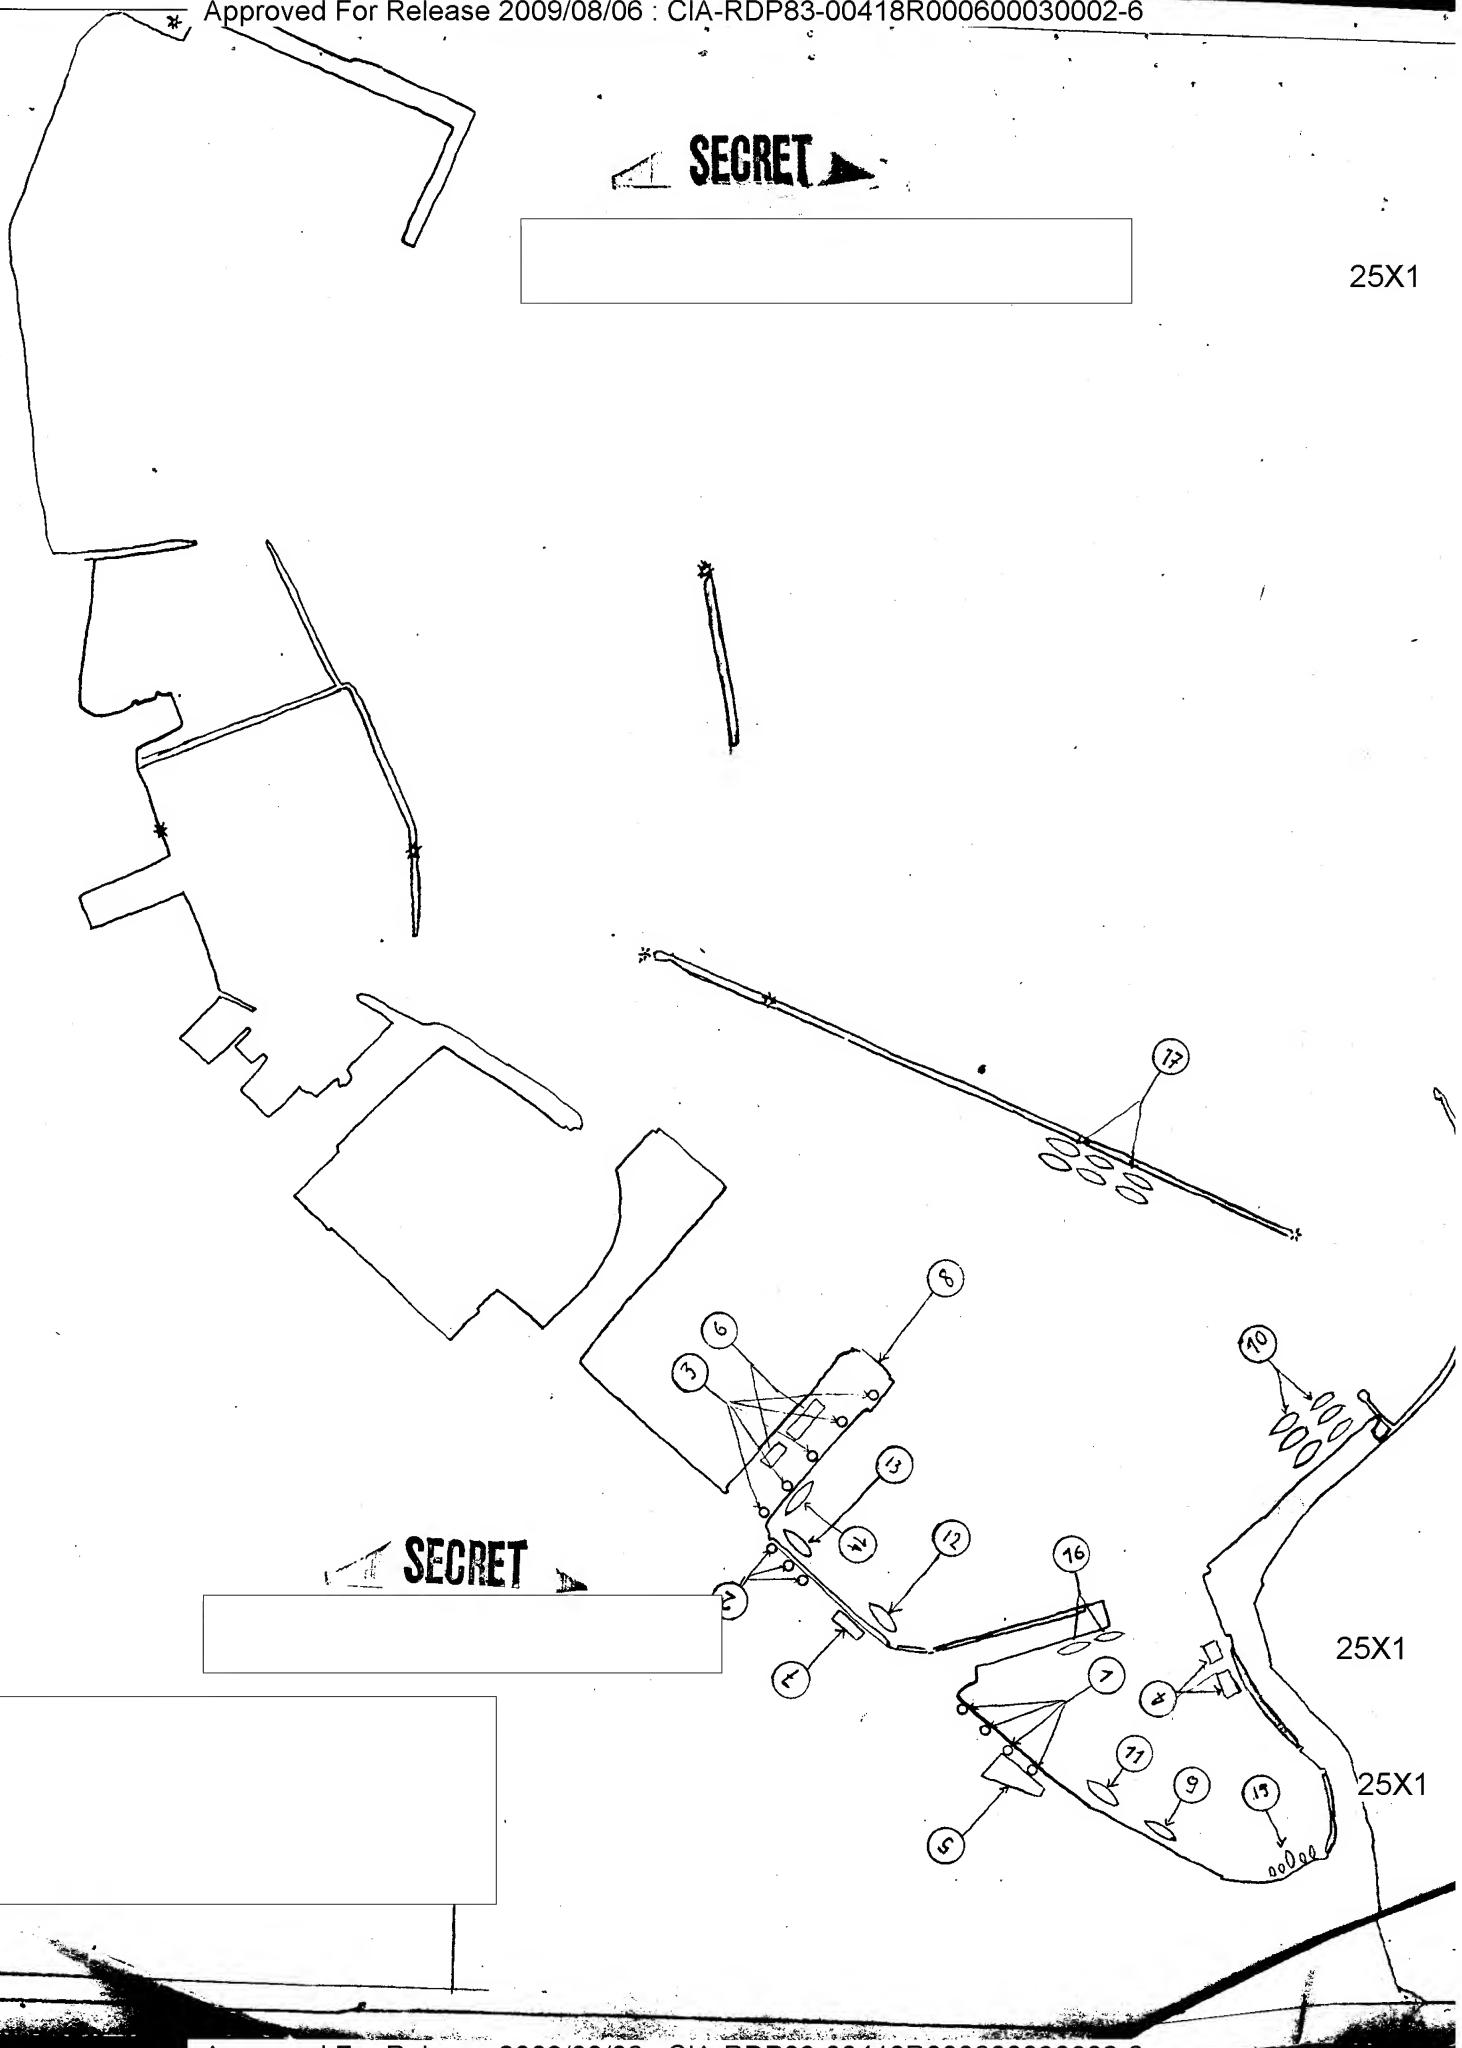

17. Six (6) shleps used for the supply of ships with petroleum.  
(See inclosed plan).

**SECRET**

25X1

**SECRET**

25X1

1. The following naval units were recognized at the Port of ODESSA [redacted] 25X1

- (a) a light cruiser [redacted] 25X1
- (b) an ex-Italian destroyer (of the ARTIGLIERE class) flying [redacted] 25X1
- (c) four newly built destroyers (probably of the GORDI class) [redacted] 25X1
- (d) Two 3-mast training vessels (f.d.u.). 25X1

2. The vessels of this Naval strength were anchored along the port about a mile away from the shore. The crews were using motor-boats to get ashore. 25X1

3. The above naval units comprised a squadron of the Russian Navy of the Black Sea which was participating in the celebration of the 100<sup>th</sup> anniversary of the War of Crimea.
